

## **Head shape**

Classic style.

#### **Standard**

**DIN ISO 9242.** 

#### **Material**

High quality C 70 tool steel, tempered.

# **Application**

For binding (plaiting) and cutting wire netting in reinforced concrete structures in a single operation.

## Design

Low wear lap joint, riveted and able to withstand high levels of load. High quality cutting edge with high cutting performance and low application of force due to highly precise processing. Good durability due to additional induction hardening of cutting edges to approx. 64 HRC.
